

Sermon: A message from God

Galatians 1:11-21

The source of Paul's message

Paul's message was divinely given.

Your faith must be from God or it's man-made.

Paul claims two proofs of his message: 1. transformation.

2. his isolation.

Confirmation of the message

Galatians 2:1-10

The leaders of the church confirmed Paul's message.

God's message is clearest in community.

Every cult starts with a leader with more ego than brains.

You have a message from God.
