

## Sermon: Enslaved by legalism, freed by grace

Galatians 4:1-20

### Slave or heir

God's law was to teach elementary principles.

Legalism makes God merely our judge and master.

Legalism forces outward obedience.

God wants a changed heart.

Isaiah 29:13

### The freedom of grace

God changes our hearts to desire the good.

God sends his Spirit.

God wants a relationship with us.
