## What it means to be blessed

Psalm 1:1-6

The word translated “blessing” is exclamatory and plural.

To be blessed means to live the good life.

Each life consists of both blessings and challenges.

Matthew 5:44-45

## The natural result of righteousness

This blessing is only for the righteous.

The righteous life frees you from regrets.

The righteous life frees you from guilt.

The righteous life frees you from a meaningless life.

## The supernatural result of righteousness

The Lord “watches over the way of the righteous”.

2 Chronicles 16:9

God promises to meet our needs.
